Hello Jerry and Lakesha,

Please see the email below. NBC retained a film permit which was approved by FILM LA. Please inform your teams that Jan 17th City Hall East along with sidewalk closure on the E/S Main St, 1st St – north to the pedestrian bridge. The location will be closed (Thursday) Jan 17th at 3:00pm and will reopen (Saturday) Jan 19th at 9:00am. HOPE CENTRAL will also be at the location. Lt. Tingiridies just got off the phone with Sgt. Siguenes and PD will also be present to assist with informing people.

Do you think your teams can meet with Sgt Siguenes team at 10am near the Fletcher Bowron Square (near the bridge)?

Let me know.

Thanks.

Subject: HOT ISSUE re Homeless at City Hall East and Film Permit Requiring Relocation

Good Afternoon,

SECSO has received the below request to provide support for a FilmLA public area closure/film permit for the Street Level side of City Hall East, to include the Main Street plaza and north and south sides. The City has issued a filming/closure permit for this property for January 17-19 (for set, film and break down). Subsequent to this, a request has been made for SECSO to ensure removal of the homeless encampments in this area to allow for the filming (see attached photos).

SECSO is seeking guidance on the posture we should take in regards to this request and issue. The issuance of such a permit by the City allows for the closure to the public, restricted access even to authorized employees of the building, the removal of vehicles left parked in violation of temporary no parking signs, etc. SECSO, with some frequency, assists in enforcing these restrictions in conformity with filming permits issued for the various municipal facilities for which we are responsible.

However, the permit requirements in this instance are in conflict with the current Department enforcement posture for homeless, especially considering the added weather allowances which holds the daytime provisions of the Jones decision in abeyance and permits tents to remain up 24 hours. Thus, we are requesting guidance, and if possible assistance (perhaps from OCB Hope teams?), should the determination be made to support/enforce the permit and require the movement of these encampments by Thursday. We estimate the impacted population is currently a minimum of 25-30, but we believe that number likely grows significantly during the nighttime hours.

My Special Events Unit will be accompanying various FilmLA personnel on a meeting and walk through tomorrow where these issues will be discussed, so any guidance we could get in preparation for this would be greatly appreciated.

Regards,

Captain Shannon K. Paulson
Commanding Officer
Security Services Division

Hello Katie and Ed,

As for now filming will monitor/responsible for their equipment from set up to breakdown. FilmLA and filming will handle the sidewalks and public areas in regards to trespassers and/or items. LAPD SECSD will maintain the GSD walkways/plaza area(CHE/CHS, etc) for available for filming use (LAPD SECSD need certain areas open accessible due to security needs).

We will finalize the details after meeting with the filming company tomorrow.

Thank you

Hi everyone,

I'm working on sending you over the detailed proposal from this team but I wanted to discuss one element they are asking for with you since I understand it's a sensitive request and it will require your review. The company is requesting a sidewalk closure on the E/S Main St, 1st St – north to the pedestrian bridge. They have requested this closure for clearance during their proposed drone activity, but have also asked for this closure to assist in relocating the homeless located on Main St. They have requested the Main St sidewalk closure starting at 3 pm on 1/17 through 9 am on 1/19.

They have also requested to relocate the homeless on the walkways of City Hall East as they will be using these areas for their camera/lighting placement during their shoot.

I understand that this is a sensitive request and I wanted to discuss it with all of you to see if this would be possible. They are going to go through all the necessary steps with LA City to obtain a sidewalk closure but will also need assistance from LAPD to enforce this request.

Please let me know your thoughts so I can discuss with the company accordingly.

Thank you,
